### **DETAILED ACTION**

Claims 1, 7 and 8 are currently pending in the instant application, are allowable over the prior art of record and are renumbered as claims 1-3.

### ***Response to Amendment***

The amendment filed on 27 October 2003 which cancels claims 3 and 9-14 and amends claim 1, 7 and 8 to delete non-elected subject matter is sufficient to overcome the objection to the claims as containing non-elected subject matter and has been entered.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance. This invention relates to a polymerizable molten salt monomer of the formula (I). The closest prior art of record, Yoshizawa et al., which teaches the macromonomer of scheme 1, fails to teach or suggest the polymerizable molten salt monomer of the formula (I) as instantly claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
